SCHOOL

Testimonial for Mr Petri Markus Pekkarinen

Mr Petri Markus Pekkarinen was an exchange student from Vaasa Polytechnic, Finland. He was placed under my charge in Temasek Polytechnic, in which I was the coordinator for the Overseas Student Internship Program (OSIP).

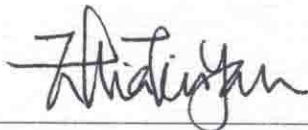

The Student Exchange in the Overseas Student Internship Program (OSIP) is a reciprocal arrangement where students from Temasek Polytechnic are placed with reputable participating institutes of higher learning in foreign countries, and vice versa, for about 5 months. This program allows students to experience an academic curriculum of a foreign country as well as to be exposed to a totally different culture and background.

Throughout the exchange stint, Petri has shown himself to be a responsible and motivated student. In addition, he has demonstrated matured openness in assimilating well in a culture (Asian) totally alien from his own.

I was extremely pleased with his amiable disposition and impressed with his zeal to learn and explore new horizons. I am confident that Petri will continue to have the same attributes and excel in the tasks he undertakes.

My impression of him was favourable and I wish him well in all his future endeavours.

Thank you.

Chia Tien-Yau
Coordinator OSIP, Temasek INT School
