RE: Design of icons for MobileOne Project

Petri was an exchange student with Singapore Temasek Polytechnic when he participated in MobileOne project for Compaq Computer Corporation in the design of icons during the period of April. His participation in this project was a part of his learning experience. He has demonstrated creativity skills in the design of these icons.

The icons designed by Petri are:

These icons are creations of Petri for MobileOne project, and are not allowed to be use elsewhere.

The icons designed by Petri are exclusive rights of use to Compaq for MobileOne project only.

A contract will be required should Compaq deploy these icons designed by Petri for other use other than for MobileOne project.
